Dear Parent/Guardian,

I am writing to inform you that your son/ daughters class will take part in a Relationship and Sexuality Education Course in line with the Department of Education and Skills requirements.

RSE is a developmental process through experiential learning in which pupils participate to help cultivate a healthy attitude towards themselves and others particularly in the area of sexuality and relationships.

The themes covered in Senior Cycle RSE are Human Growth and Development, Human Sexuality and Human Relationships. The course will run from December 2020 to March 2021

Parents are the primary educators of their children. Therefor our school and teachers will complement the education of relationships and sexuality during this course.

I would like to take this opportunity to direct you to the following parent information sources about RSE.
